# NOVA Scriptscentral & American Pharmacist Association

**Safety-Net Health Equity  
Fellowship**

**NOVA SCRIPTS CENTRAL & AMERICAN  
PHARMACIST ASSOCIATION  
SAFETY-NET HEALTH EQUITY  
FELLOWSHIP**

**Objective:**

- Focus on professional development of pharmacists to enhance healthcare delivery for vulnerable communities.
- The 1 year fellowship will focus on the following key activities:

Engage in designing strategies to improve health outcomes in vulnerable populations

Facilitate educational outreach to medical providers, patients and consumers

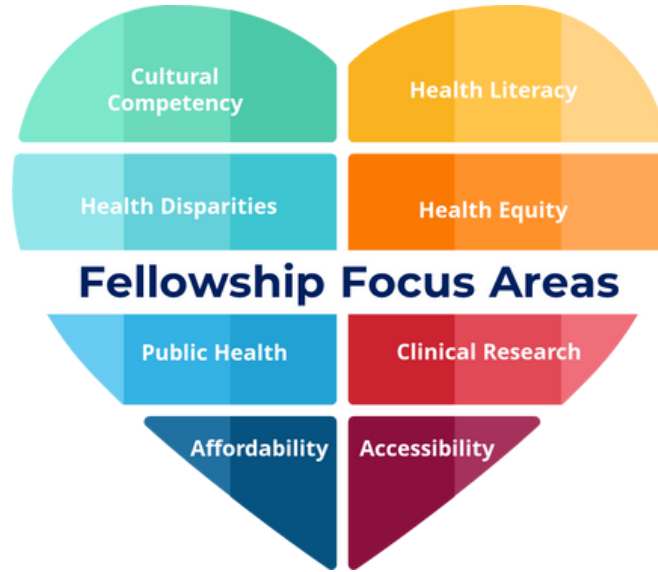

Evaluate cost effective options to improve patient care while using evidence based best practices

Identify how to leverage mobile and digital health tools to improve patient care

Collaborate on legislative advocacy efforts around health equity & health disparities

**GOAL**

To create future leaders who can provide a voice for the voiceless that are adversely impacted by health inequities in the US healthcare system.

**FELLOWSHIP DETAILS**

As the first of its kind in the nation, this 1 year fellowship presents an opportunity for pharmacists to gain hands-on experience to work with diverse uninsured patient populations in delivering culturally competent care and advocating for increasing equitable access to care.

The fellow will work with healthcare industry stakeholders at the local, regional and national level to elevate the needs of the uninsured population being served at health safety net clinics and charitable pharmacies.

**ABOUT NOVA SCRIPTSCENTRAL**

NOVA ScriptsCentral is an award-winning nonprofit charitable pharmacy providing lifesaving medicines and health services to uninsured children and adults living in Northern Virginia.

Through decades of experience working with vulnerable communities, our organization has created innovative programs to help improve health outcomes for the uninsured.

**Services our organization provides:**

**Medication Access:** Provide access to lifesaving medicines to manage chronic diseases.

**Educate Before You Medicate:** Free culturally competent health education for children, adults and seniors in the community.

**School based immunizations:** Identify and administer appropriate vaccines for children so they can start school on time.

**Medication Assisted Treatment:** Collaborate with an inter-professional team to help individuals on the road to recovery.

**Public Health:** Advocate and collaborate on solutions to address health disparities and equity.
